

## **Delaware State University Conducts Fire Safety Training for Resident Assistants**

**Delaware State University took a major step in protecting their students by conducting a Fire Safety Training at the Delaware State Fire School on August 18<sup>th</sup>.**

**Eighty-three Resident Assistants came to the Fire School. After an overview of the Campus Fire Safety Program by Senior Instructor Mike Lowe the students were split into three groups.**

**Students attended breakouts on Fire Behavior and Escape Planning, as well as training on Sprinkler Operations and Fire Extinguishers.**

**The staff of the Fire School would like to thank Resident Director Philip Holmes for assisting in organizing the training.**
